

## Technical Data Sheet

# MCPU 1425B MAC Primer

### Product Information

The MCPU MAC primer is intended for use as an adhesion promoter for MCPU Sealer, MCPU Silver and MCPU White roof coatings to metal, asphalt materials and concrete roof surfaces. It is a clear to amber viscous liquid and has a very minimal aromatic odor at room temperature.

### Surface Preparation

Surface must be clean, dry and in good repair. Any rust, debris, gravel, dust, silt or foreign matter must be removed prior to application by means of sweeping and power washing using MCPU Rust Cleaner Neutralizer. Areas where ponding water exists shall be scrubbed with detergent and rinsed clean.

### Application

MCPU MAC primer shall be applied by means of HVLP spray equipment at a rate of 200 sf/gal. Once applied, material shall be allowed to flash off until dry but tacky.

**HEALTH & SAFETY INFORMATION:** Health and safety information is available in the form of a Material Safety Data Sheet. This literature, describing proper precautions and personal protective equipment is available for review. To receive this information, please contact an MCPU Polymer Engineering representative. Before working with this product you must read and become familiar with this information. This cannot be overemphasized.

**IMPORTANT:** The information contained in this technical data sheet is offered for your consideration, investigation, and verification. It is presented in good faith and is believed to be reliable. MCPU Polymer Engineering, however, makes no representation to either its accuracy or completeness. MCPU Polymer Engineering makes **NO WARRANTY**, express or implied, with respect to the data contained herein. The manner in which you use and the purpose to which you put and utilize our products, technical assistance and information (whether verbal, written or by way of product evaluations) including any suggested recommendations are beyond our control. Therefore, **IT IS IMPERATIVE THAT YOU TEST OUR PRODUCTS**, technical assistance and information to determine to your own satisfaction whether they are suitable for your intended uses and applications. **YOUR USE OF OUR PRODUCTS CONSTITUTES ACCEPTANCE.** This application-specific analysis must at least include testing to determine suitability from a technical, as well as health, safety, and environmental standpoint. All information and technical assistance is subject to change without notice. It is expressly understood and agreed that you assume and hereby expressly release us from all liability, in tort, contract or otherwise, incurred in connection with the use of our products, technical assistance and information. Any statement or recommendation to the contrary is unauthorized and shall not bind us. Nothing herein shall be construed as a recommendation or use any product in conflict with patents covering any material or its use. No license is implied or in fact granted under the claims of any patent.
